about us

LOOK GOOD. FEEL GREAT. SHOP SMART.

Always in style is an innovative fashion and beauty website that celebrates the real woman. Currently, most fashion and beauty media focuses on the aspirational, catering to only the most fashion forward women. While we at **always in style** provide inspiration, we also present women with realistic solutions to their fashion and beauty questions. We know that the modern woman is short on time and desires immediacy when seeking information. We make obtaining that information easy. How do we do this? Our strategy is simple. At **always in style** we:

- Customize the experience for each member.
- Give only the right advice and recommendations based on each member's individual traits and personality.
- Provide relevant tips from industry experts.
- Offer virtual stores stocked with the latest fashion and beauty products selected just for her.

Alwaysinstyle.com was founded in 1999 by Doris Pooser, author of several international best-selling books on personal style. Doris believed in creating tools to provide personalized fashion and beauty advice for all women even before the word was in vogue. **Always in style** was the first and most comprehensive website to offer style advice unique to each woman. Today it continues to evolve by refining our content and improving our technology to meet the changing needs of the 21st century woman. As a result, we are now poised to emerge as a leader in the next generation of fashion and beauty sites. **Always in style** is an international brand with presence in the US, Canada, India and China.

what it offers

GET YOUR OWN PERSONAL STYLIST

At **always in style** we bring style equality to all women. The cost associated with hiring a stylist reserves the experience for the famous or the very wealthy. At **always in style** we aim to change this by offering expert advice absolutely free. As their trusted personal style advisor, we help women discover what's right for them; not just every season but everyday. We provide unbiased fashion and beauty advice 24 hours a day, 7 days a week so that the every woman feels red carpet ready.

SAVE TIME, ENERGY AND MONEY

Today's busy, modern woman doesn't have the time to read and evaluate all the beauty and fashion advice out in the market. She doesn't have the luxury of experimenting with a myriad of different styles, brands, and products. Nor can she be an expert in all aspects of fashion and beauty. We recognize and understand this difficulty. Our goal is to make life easier by only providing the advice that fits her attributes and personality.

how it works

COMPLETE YOUR PROFILES

Each new member completes a set of **always in style** personal profiles, a series of proprietary, market-tested questionnaires regarding color, body and face shape, style, skin, hair, and more. Analyzing these answers, we provide tailored advice and product recommendations. Our members enjoy the benefits of having their own personal style expert in an easy to use and fun format.
